

Our Cash Cancer Plan is All About Your Freedom to Choose!

**“It won’t
happen
to me.”**

Did you know cancer can strike anyone, at anytime regardless of age or circumstances? Often without prior warning or symptoms. You probably know someone who has had cancer.

UA **United American
Insurance Company**
Since 1947

Here are the Facts:

1 in 2 men and 1 in 3 women will develop cancer*

Average debt from medical bills after one year of cancer treatment is \$26,800.**

Cancer patients are 2.5 times more likely to declare bankruptcy than those without cancer.***

More people are surviving cancer than ever before because of modern medical technology and treatments. Care can be expensive, and surviving a cancer diagnosis can create a serious financial hardship.

UA's First Diagnosis Cash Benefit Cancer Policy can help.

Here's how it works: the first time a covered person is diagnosed with a covered cancer, the policy pays up to \$50,000 cash, one time, to use as you see fit†. That's it!
